|----|-----------|------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------|---|--|

*Detail Description: Michelin X Tweel Turf casters replace the existing front casters on zero turn radius mowers, and completely eliminate the risk of flat tires. They have a consistent hub height which helps ensure the mower deck produces an even cut, while the poly-resin spokes help dampen the ride for enhanced operator comfort, even when navigating over curbs and other bumps. They are designed to provide a long wear life.:*
